COMPANY PROFILE

REPUTATION

Pioneer Lighting is a leading manufacturer of residential, commercial, and industrial fluorescent fixtures. Since 1991, we have earned a reputation of consistently exceeding our clients' expectations throughout North America and overseas.

FACILITY

Pioneer Lighting operates a modern 55,000 square foot, wholly-owned, debt-free manufacturing facility in Toronto, Ontario, Canada. Engineering, tooling, production, sales and executive offices are all under one roof.

QUALITY

Pioneer Lighting is committed to using only brand-name components by leading manufacturers of LED modules, drivers, lamps, ballasts, and sockets. This policy gives our customers the added assurance of consistent quality, performance and reliable warranty.

VALUE

Pioneer Lighting remains dedicated to providing our customers the best possible lighting solutions with quality products, competitive pricing, and exceptional customer service every day.

INNOVATION

Pioneer Lighting is at the forefront of market dynamics using the latest high-performance materials and technology. We continually enhance our products and designs in response to customer requirements and industry demands. We also welcome the challenge of designing and manufacturing custom fixtures for special applications.

PERSPECTIVE

With an attitude of sincerity, integrity, and responsiveness, our dedicated team of professionals constantly strives to provide quality and value in all that we do for our customers. We believe in long-term goals, values, and relationships.

Quality ~ Innovation ~ Service
